## The art of breeding racehorses remains a fascinating challenge and stallion selection is a crucial part of the equation.

Ballyhane has a long history of standing stallions that gives breeders a great chance of producing high class racehorses but also, and importantly, making money from their breeding business.

It's clear that racehorses who show a high level of innate ability have a better chance of being a success at stud and Ballyhane has two such horses on their 2026 roster.

***"Stallion selection is a crucial part of the art of breeding racehorses"***

New recruit **Magnum Force** showed Ger Lyons a high level of talent from the start and his impressive victory from a deep field in the Gr.1 Juvenile Turf Sprint at the Breeders Cup indicated his brilliance.

We are confident that breeders are going to be very impressed when they inspect this gorgeous son of Mehmas, and given his initial stud fee of €7,500, he allows breeders an excellent opportunity of both

breeding a top racehorse and doing good business.

**Sakheer** was another high class racehorse; his Mill Reef victory being ultra impressive, and he had a successful first season at stud in 2025 covering a strong book of mares.

We're looking forward to welcoming **Sakheer's** foals next year and hope they inherit his own good looks!

As ever, we appreciate and thank everyone for their support of Ballyhane over the years and we look forward to welcoming visitors to Leighlinbridge over the next year.
